MERCHANTS TAKING SPACE

Feet in Addition to Present Reservation of 8,500-Committees Arrange to Discuss Question of a Suitable Municipal Exhibit.

Action was taken last night by the joint project of making a fine display at the Jamestown Exposition. The meeting was held in the library of the American Security and Trust Company, and was attended by nearly every member of the committee. Thomas W. Smith presiding. committee, Thomas W. Smith presiding that it discriminates between owners of the display submitted a report showing District and others who are nonresidents. the space reserved for the Washington exhibit, accompanied with maps and lithographs so as to make the situation of the space reserved clear to the commit tee. Monroe Luchs, the secretary, reported that owing to the urgency of se curing space before the best locations were selected by other cities, it had been necessary to engage 8,500 square feet of space for the Washington commercial exhibit,

The space selected surrounds the central or inner court of the exposition buildng, and will be contiguous to that asigned to Japan. It was remarked that was fortunate that the Capital City of the most progressive nation of the West would be side by side with the most progressive nation of the Orient at the fair, and that this fact augured well for the cess of the project so far as Wasnington is concerned.

The committee voted to engage Woodworth Clum as its secretary and representative to go to Jamestown to make J. Kaufman. They will leave the city gress. orrow evening, and spend what time necessary at Jamestown. Secretary lum was authorized to contract for the ce, and was directed to ascertain all nat would be necessary with reference o the size, shape, height, and general
